

ARE YOU READY TO LEAVE THE U.N. AND THEIR AGENDA?

June 27, 2016 • dianne marshall

Trump is exposing all he can expose the rest is up to "We The People". The establishment is angry at the American people for waking up. The United Nations is being exposed for their real goals and ambitions which are global and far from nation building!

One of the projects that have been hidden from us in plain sight is the Wildland's Project for sustainable development agenda 21. Hillary and Bill's Foundation have been on board and wielding it in lock step! Not only the Wildland's but the entire agenda of one world everything. Please read the following from a PDF of the United Nations General Assembly UN Environmental Programme (UNEP) and their sinister plans.

UNEP

In December 1972, UN Resolution 2997, which created the United Nations Environmental Programme (UNEP), was adopted by the UN General Assembly. It is the catalyst for the whole movement to **reorganize society under the guise of "saving the environment."** This group has remapped the whole world into bioregions, and is responsible for virtually all of the environmental policy changes that have occurred globally in the last two decades.

Their five-step action plan ["The Reorganization of Society," *eco-logic Magazine* (Publ. By Environmental Conservation Organization, Hollow Rock, TN), September/October 1995, p. 4] as presented in UNEP documents is to:

1. Redraw land maps to differentiate biological characteristics rather than political jurisdiction.
2. Regroup human populations into self-sustaining settlements that minimize impact on biodiversity.
3. Educate humans in the "gaia ethic," which holds that Gaia is the creator of all life and all life is a part of the creator. (New World Order)

Religion).

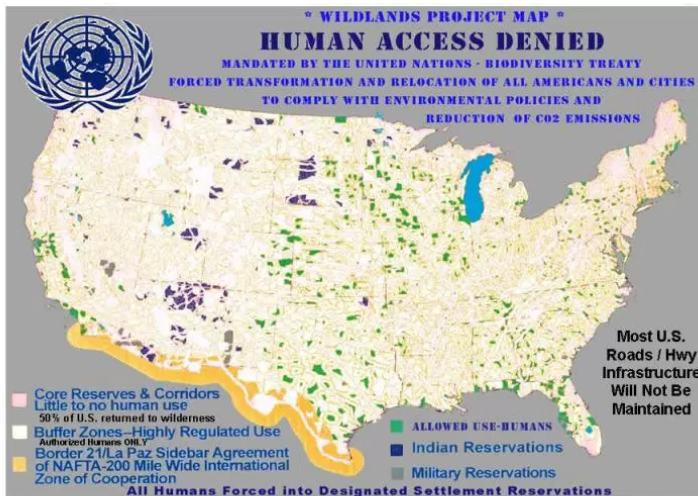

4. Create a new system of governance based on local decision-making within the framework of international agreements.

5. Reduce the use of natural resources by (a) reducing population; (b) reducing consumption; and (c) shifting to “appropriate” technology.

What simpler, more effective method could there be for ultimate, absolute control of human populations than the methods that are being advanced under the banner of “environmental and biodiversity protection”? Read the list above once more. Notice who will be in control. Note that humans will be “regrouped” (relocated) in accordance with a master plan. Human populations must be “self-sustaining,” which virtually guarantees a vastly diminished standard of living, especially for western civilizations. In conjunction with that, note the emphasis on “shifting to appropriate (i.e., radically downgraded) technology.”

Notice the emphasis on the “gaia ethic” (nature worship) as the supreme “ethic” (i.e., world religion). Notice the reallocation of the powers of governance: “local decision making within the framework of international agreements.” This would effectively bypass Congress and chop the behemoth of public opposition into small, manageable pieces. Note the emphasis on reduced population. Readers familiar with the radical agenda of the Cairo Conference on Population last year will remember the forcible thrust of the abortion rights agenda as a “population control” measure.

The Smart Grid Infrastructure is only intended to last only 20 years, until the year 2030, according to industry documents.

The program underway to undermine the concept of private property rights, especially in the western portion of the U.S., is ample evidence that the socialist planners behind this global agenda are implementing their program now. If unopposed, their efforts will, in time, establish by precedent the authority of prevailing governments to control the whole spectrum of human activity: reproductive rights, property rights, lifestyle, consumption, and even the level of technology permitted. It is a ghastly picture, but the evidence is mounting steadily to support the reality of what lies ahead if the global planners have their way. The primary reason that such dramatic progress toward UNEP objectives has been made in recent years is the fact that very few people have recognized that the common denominator in the whole movement is an arm of the United Nations! Pastor Mmordecai DuShey says: ONE WORLD GLOBAL INITIATIVE ,America is not exceptional. !

This agenda is being pushed by Hillary Clinton, John Kerry at all the damn Democrats.!

John Kerry just said, "we need a borderless nation" Hillary Clinton said, "No walls,No borders for America"

Democrats are destroying America as we know it at an extremely fast pace.

we have 41 to 46% of idiots in America who still support Obama, the far left, Hillary

.MINORITIES, BLACK, WHITE WHAT HAVE YOU, SET YOUR BELLYBUTTON ISSUES ASIDE,

THERE IS ONLY ONE AGENDA THE AMERICAN AGENDA. (All boats rise and fall together)

The Democrats, the far left seek to divide America.. Abraham Lincoln said it best, " A house divided by itself shall fall! "

The lame stream media ,their propaganda machine aids and abets them by LIES, misinformation, distraction from their scandals etc.

That 41 to 46% of Americans have but one agenda, To feed their selfish bellybutton's to be totally dependent upon the government for their sustenance.

They are willing to sell their soul their freedom for handouts!.

America, economically and militarily cannot afford their agenda..

Our enemies said." America will destroy itself from within" . \ It is happening folks.!

While most of America is sleeping, distracted,Going about their daily business, the latter being normal.

There are some who simply say," what can I do" ? I am only one person."

To that latter thought I simply say, look at our history what individuals have done, the very beginning of the founding fathers building a nation that is exceptional and second to none.!

IT'S TIME TO FIGHT BACK AGAINST, NOT ONLY OUR GOVERNMENT BUT THE LAME STREAM MEDIA, STARTING WITH CNN, NBC, MSNBC CBS ABC, THE NEW YORK TIMES, THE LA TIMES, TOO MANY TO MENTION HERE..

TIME TO" BOYCOTT ,"SPEAK OUT AND STOP THE DEMOCRATIC PROPAGANDA MACHINE USING CORRUPT JOURNALISTS WHOSE ONLY AGENDA IS FOR THEIR OWN POWER FAME AND FORTUNE.

OUR NATION'S SURVIVAL HAS REACHED A CATASTROPHIC SITUATION, ELECTION. 2016 MIGHT BE OUR LAST!

AMERICA HAS REACHED CRITICAL MASS FOR OUR SURVIVAL AS A NATION PERIOD !.

The Democrats along with the left liberals have been for many years swamping America with illegals many of whom lack education or the ability to provide for themselves.

Many of whom wave their country's flag whence they came and will not assimilate into America's so-called melting pot.

AIDED AND ABETTED BY LA RAZA, LIBERAL LEFTISTS THE DEMOCRATIC PARTY, HAVE INSTITUTED THE" SILENT INVASION" OF AMERICA.

THEY ARE ON THE BRINK OF COMPLETING THEIR MISSION.. THE CONQUEST FIRST AND FOREMOST OF SOUTH WEST AMERICA,.CALIFORNIA BEING THE PRIME TARGET.

THE DEMOCRATS ONLY WISH TO MAINTAIN THEIR POWER WITH NEW DEPENDENT VOTERS. AT THE EXPENSE OF HARD-WORKING AMERICANS

AMERICA CANNOT ACCEPT THE BURDEN NOR SUSTAIN ACCELERATED PACE OF NO WALLS OPEN BORDERS, YOU ALL COME!

That Agenda by the Democrats ,Hillary Obama and far left is i pushing to maintain there's status of POWER ,FAME ,AND FORTUNE. !

" WE ARE BECOMING A THIRD WORLD NATION " !

HOW DO WE WAKE UP THAT HARD-CORE 41 TO 46% TO REALIZE THAT THEY WILL END UP WITH NOTHING, THAT OUR ENEMIES OF AMERICA WILL WIN..

ALL AMERICANS MUST PUT AMERICA FIRST AND FOREMOST!

THE AMERICAN AGENDA IS THE ONLY AGENDA FOR SURVIVAL !.

Get involved, speak out,, if not you, then who? If not now then when?

"LET'S ROLL" TO ECHO flight 93 on 9/11

Chandrasena Pandithage says: I believe this is as a very good opportunity to express Sri Lankan people's experiences to whole world the relationship in between United Nations Organization and LTTE terrorist organization. We have been through brutal terrorist attacks since year 1972. It was finished year 2009 May 18th under President Mahinda Rajapaksha. While his government was fighting heavily against terrorism, UNO interfere and support to terrorist groups. Some days they use UN vehicles to transport terrorist equipments here and there. Sri Lankan government is the member of the United Nations Organization and we pay for that, but non member terrorist are getting benefits from UNO. Why they stand against member countries? We have many more questions about UN. Now UNO is planing to punish our Political leaders and army personnel who supported to crush terrorism from our soil. We strongly point our fingers at United Nations Organization as a well prepared pro terrorist organization. At this time whole world must stand against this inhuman organization and

grsaaduddin says: Yes. We were there twice in 1981. There were skirmishes between the Tamils and Sinhalese. Thereafter the shtf big time and a good friend was killed by terrorists. My husband was asked to moderate a UN conference at UCLA with Dr Stanley Wolpert. I was shocked to find out he supported the Tamils as did the UN (I guess it was a "follow the money issue" back then too). We actually had to contact the authorities to stop harassment of our Sinhalese transportation company. The women that worked there were

Trump's a Jesuit Agent, he's a bible fanatic. He would further devide Americans and support the genocide of Palestinians & all Muslims. I'm not religious but I wouldn't support this genocide, no one should, I mean Christianity's not exactly the greatest idea in the world either but we wouldn't want to be exterminated for it now would we?

Besides trump benefiting only Americans, I rather the world's people stand united against tyranny once and for all, than devided in war.

We The People must maintain our founding documents and push for property ownership and the 2nd Amendment. We should focus on our rights and push back those act in the opposite.
